ORACLE®
Certified Professional
Java SE 6 Programmer

SMC
SCRUM MASTER CERTIFIED

SOFTWARE DEVELOPER

Offering experience in programming customized software solutions covering finance Industry Domains

▪ Dynamic & technically astute IT Professional with around **6+ years** of well-honed experience in analyzing software development with **Banking and Finance domain**, currently was working in capacity of Sineor Software Engineer with client **Dubai Police.**

▪ Strong knowledge **of Core Java, J2EE, Servlets, JSP, Java Server faces (JSF) primefaces6.1, Java Persistence API (JPA), Hibernate , XML DOM parser and Sax Parser, WebServices, Spring, Spring Boot,IOC, SOAP Restful Webservices ,Apache Velocity, Jenkins ,ShellScript,HTML5, JavaScript , CSS,JQuery,Angular JS2, production support** with proficiency in project analysis, schedule & handling, system designing & preparing complete operational structure for project with team.

▪ Acknowledged troubleshooter with excellent comprehension of business processes culminating in definition and documentation of business requirements, process definition and follow-up of solution realization and identification of development opportunities.

▪ Strong collaboration and team building skills with proficiency at grasping new technical concepts quickly and utilize the same in a productive manner.

TECHNICAL SKILLS

Languages	Java 1.8
Servers	Apache Tomcat 5.0, Weblogic, Glassfish, Jboss
Development Tools	Eclipse 3.2.1
Web Technologies	Servlets, JSP, JSF 2.0 with primefaces5, Spring MVC, JAX-WS, JAX-RS
J2EE Framework	Java Server faces (JSF),
Operating System	**Windows XP, Linux**
Database	Oracle11,SQL
Database Tools	SQL Developer
ORM and Data Access	JDBC, JPA with Hibernate
ConfigurationManagement	SVN subversion, TFS, Git
Graphical User Interface	CSS, JavaScript, JQuery
IDE	Eclipse , STS (Spring Test Suit), GTS (Groovy Tool Suit)
Others	Maven, LOG4J, DOM and Sax Parser, WebServices SOAP, Mockito
Domains Worked	Finance(Banking Domain)
Scripting Language	ShellScript

PROFESSIONAL EXPERIENCE
Interactive-Ltd

Senior Java Consultant

Sep17-til now

Project Title	Airwings
Client	**Dubai Police**
Programming Language	Java 1.8
Technologies	Java1.8, JSF2.0 primefaces6.1, DOM and Sax Parser, JAX-RS, Maven, JPA Design patterns, HTML5, SpringData Repository, Guaua Cache, Redis cache, SQLite,PouchDB
Database	Oracle11
Environment	Linux, Eclipse (IDE)

About the project	This project is basically used for any emergency condition or war to set mission for aircraft with pilot.
.	
Role	Java Developer
Responsibilities	▪ Involve in core development product- server side code
	▪ create restful webservice write business logic part
	▪ involve in execution of business and database part as well
	▪ follow strict agile methodology
	▪ Attending daily scrum meeting and interact with QA team and UI team

Development Methodology	Agile Method Technology
Domain	Airlines

PROFESSIONAL EXPERIENCE
Value Labs LLP

Java Consultant

May16-Aug17

Project Title	Online Banking
Client	**Emirates NBD Dubai**
Programming Language	Java 1.8
Technologies	Java1.8, JSF2.0 primefaces5, DOM and Sax Parser, JAX-RS, Maven, JPA Hibernate, Design patterns, HTML5, AngularJS2, Weblogic 12c Oracle11

Database	
Environment	Linux, Eclipse (IDE)

About the project	Online banking allows individuals to perform banking activities at home, via internet. This system enable customers to perform all routine transactions, such as account transfers, balance inquiries, bill payments, and stop-payment requests, adding beneficiary and some even offer online loan and credit card applications.
